

FORM PROTECTION AGAINST LOSSES

Business Association Members Labeled Auxiliary to Be Known as Creditors' Men's Exchanges.

KEEP DAILY TAB ON ACCOUNTS

Old Plan of Issuing Native Book Every Two Years Found to Work in Unsatisfactory Manner.

The Rock Island Trade Association change in its former constitution, was launched at a meeting of the Rock Island Business Men's Association last night at the Hotel Belmont.

President C. H. Treadwell, Vice President H. A. Thompson, Secretary A. H. Montgomery, Treasurer Charles Smith.

The purpose of the change is to furnish the members of the association with more definite information regarding the condition of accounts in their own vicinity and to discuss proper methods of extending credit and taking up the bills attached thereto.

Under the present plan credit books are issued only once every two years and this plan has proved most creditable to the members of the association.

On account of the fact that Tuesday is the best time to close in October has the past practice of the exchange will be moved forward to Nov. 12.

RESUME JAIL CASE HEARING ON MONDAY

Taking of evidence in the jail injunction case will be resumed next Monday morning at 10 o'clock before Master-in-Chief J. L. Hesse.

FOUR DOCTORS DISAGREED

Pains Disappeared After Use of Lydia E. Pinkham's Vegetable Compound.

Wilmington, Del.—"I was suffering from a terrible backache and pains in my side, with bearing-down pains and was very nervous. I was always tired, always drowsy, never could get enough sleep and could not eat. Three doctors and each told me something different. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. I got good results and I now feel better than I have felt for years and I am gaining in weight. I can gladly recommend it to all women."—Mrs. Graham, W. School, 1611 West 4th Street, Wilmington, Del.

NOTE IN A SEALED BOTTLE A JOKE?

Fiction Magazine Romance and Mystery Contained in Discovery Made By New Boston Fisherman.

CHIEF OF POLICE IS INFORMED

Message Signed By James Conroy Says He Is in the River and Has Given Up the Chase.

A note found in a sealed bottle by a New Boston fisherman yesterday and forwarded to Chief of Police Miller today has all the makings of a fiction magazine romance and mystery, even though police here believe that the message merely attempted to perpetrate a practical joke. Appended to the note:

"Rock Island, Ill., Oct. 10, 1916 To the One Who Finds This Note: Please notify the chief of police of Rock Island that I am in the river and give up the chase."

"JAMES CONROY." Andrew Jacobs, a fisherman at New Boston, saw the bottle in the water yesterday while fishing in the river. He caught it and broke the seal on the bottle. He read the note and obeyed the instructions.

No James Conroy. Police here said they know no James Conroy. No one has been reported missing. They believe someone is trying to kid the department.

GROUND HELD ABOUT ANCRE MADE SECURE

Continued From Page One

both sides of the valley and miles in extent.

The British success south of the Ancre was increased because the Germans here were on the point of being relieved by fresh troops when the attack was launched. The result was that twice the normal strength of the position was trapped by the British.

Among prisoners taken were many men of the Ninety-third Infantry of which the Duke of Albany is honorary colonel in chief.

Most of the infantry fighting was done with grenades instead of bayonets. The British swarmed over the surface between the trench lines and hurled showers of bombs into the German dugouts and bunkers, capturing in quick succession seven parallel rows of the main German trenches between Beaumont-Hamel and Douaumont. Prisoners from the Prussian guards told the Associated Press correspondent that the terrible British bombardment destroyed the machine gun emplacements and made impossible to the infantry charge possible. They said they were cut off from their reserves on an entire front of seven miles which was isolated by the British during the night.

Attack "Tank" Killed. South of the Ancre a tank was attacked with bombs by heavy machine guns. All of the tank's attackers were killed by the fire of the tank.

The British casualties south of the Ancre were higher in proportion than in any previous operation of the past four months. The British attack was pressed continuously last night. All ground as far as the troops had been well consolidated and the troops are pushing beyond French.

Civil Service Test. The United States civil service commission announced an open competitive examination to be held in this city Dec. 5 to fill vacancies in various positions requiring the qualifications of stenographers, typewriters, or stenography and typewriting in the federal classified civil service in any locality.

Both men and women will be admitted to the examination. For information in French by the same apply to H. B. Foster, local secretary, postoffice building.

Society Leader Before Suburban. Chicago, Nov. 15.—Miss Mary Sheldon, sister of Edward Sheldon, the playwright, has accepted the position of the Episcopal minister at St. Ann's in Arlington Heights, Ill., according to an announcement here yesterday, she has been prominent in Chicago society circles.
